Did you know?

This group of illnesses affects the brain and cognitive health. Patients can experience memory loss and mental decline. The two most common forms of dementia are Alzheimer's Disease and Vascular Dementia.

Every 3 seconds, someone in the world is diagnosed with dementia¹.

More than 55 million people worldwide were living with dementia and expected to rise to 139 million by 2050²

1 in 10 Singaporeans aged 60 years old and above has dementia¹

> 100 Singaporeans, from as early as 40 years old³, are diagnosed with young-onset dementia every year⁴

ABCDS OF DEMENTIA

Help with daily living is crucial with dementia

Having difficulty remembering is an early sign of dementia. A patient's cognitive skills will gradually deteriorate and in later stages, daily activities become increasingly challenging without assistance.

According to Dementia Hub these are the "ABCDS" of how dementia symptoms can affect an individual:

 Activities of Daily Living	 Behavioural changes	 Cognitive decline	 Disorientation
<ul style="list-style-type: none">• Requires assistance with dressing, going to toilet, taking a shower, feeding, moving around and transferring• High risk of falling and injury due to balance and coordination difficulties• Eating and swallowing problems	<ul style="list-style-type: none">• Socially withdrawn with rapid mood changes• Appears depressed and more easily upset, frustrated• Wandering	<ul style="list-style-type: none">• Misplacement of items• Unable to engage in meaningful conversations• Problems performing simple calculations	<ul style="list-style-type: none">• Gets lost even in familiar places• Unable to differentiate between day and night• Experiences confusion in general

BENEFITS AND FEATURES

Singlife Dementia Cover is a long-term care protection plan that gives annual payouts of up to S\$10,000 for cognitive decline and mental health. It provides additional support for depressive or anxiety disorder, as well as accidental burns or fractures, after the onset of dementia.

Coverage up to 99 years old

We are here with you. Choose your benefit amount from S\$200 to S\$2,000, that gives a total payout of up to S\$170,000⁵.

Support during advanced stages

Dementia might require long-term care. Get coverage of up to S\$100,000 paid out over 10 years⁶. This covers late Dementia with Cognitive Care benefit till you are age 99 years old⁷.

Premium payment relief

We are with you. You can stop paying for the policy and stay covered once you are diagnosed with late-stage dementia and receive the Cognitive Care Benefit.

Minding your matters

Our coverage extends beyond dementia to include various other serious mental health conditions. Get covered for major depressive disorder, schizophrenia, bipolar disorder, and early or intermediate Dementia with coverage of up to S\$50,000 paid out over 5 years⁸.

Emotional helping hand

A person with Dementia may display changes to their behaviour, emotions, and mood. We'll give you a one-time lump-sum payout of up to S\$10,000 under the Emotional Resilience benefit for depressive or anxiety disorder after a dementia diagnosis.

Personal injury payout

We recognise that Dementia patients have a high risk of falling and injuring themselves. You'll receive a one-time lump-sum payout of up to S\$10,000 for medical expenses incurred for accidental burns or fractures following a dementia diagnosis.
